

BECOME PART OF THE *story*

Did you know that of the 100,000 people living in Benton County, 15-20% are living below poverty level? That's 15-20,000 people in our beautiful county living in chronic need! And it's not only material poverty. There are countless more living in emotional, relational and spiritual need, experiencing isolation, confusion and hopelessness apart from Christ and healthy community. While there are many good agencies who offer help, here is my question: "Who but the Church can see people as God sees them, and respond to need in a biblical and wholistic way?"

Love INC is a model designed to mobilize local churches to transform lives and communities in the name of Christ. Our small staff mobilizes hundreds of church volunteers to meet real needs and share the love of Christ on the phones in our Call Center, providing items through the Gap Ministries, and now in our Grow Together Program, which offers weekly life-skills classes to help people break out of cycles of need and journey toward the life God has for them. Love INC is a platform where believers can link arms, across denominational lines, to love and serve the community where God has placed us. This vision is bigger than any one church. It takes all of us!

We invite you to scan the QR code or visit yourloveinc.org/giving to hear about one life that is being transformed through the ministry of Love INC. We'll let the young woman share her story, but God has been at work in her family for years and she's now an adult in our Grow Together Program. As God is transforming MirKayla's life, He's touching people all around her too: friends, family, Love INC staff and volunteers. That's because transformation is contagious! All of our stories are connected in Jesus, who is the author and perfecter of our faith.

As you watch the video, would you pray & consider becoming a financial partner with the ministry of Love INC? It's easy to get started and no amount is too small to invest. In a time when so many things feel out of control in the world, remember that God is writing His Story on hearts right here in our own community. We invite YOU to Become Part of the Story.
