

2018

Christmas Store IMPACT REPORT

Just wanted to share my gratitude. You have helped us again this year. We truly love you guys. You made our Christmas great! I didn't feel like such a loser as a mom. We do our best, but it is hard juggling everything on a fixed income.

It was absolutely great... all I could have hoped for! You peoples are so wonderful to help us. And not just at Christmas. You don't know what it means that you people will help us. Our Christmas was so nice because of this.

Joy to the World!

We are praising God for another successful Christmas Store—our largest to date—held at Life Community Church! As always, our faith is bolstered after seeing the Church in Benton County step up as a tangible representation of God's heart: a generous one that gives of time and resources sacrificially. On behalf of each person impacted, thank you. You truly made a difference in the lives of many this Christmas!
